In consequence of the demise of our late partner, Mr. S. In the CLOTHING TRADE it is an entirely new feature to find a new and select stock that does not show the traces of inexperience. Our Mr. Oberndorfer, however, is not only acquainted with the Eastern markets, but he combines therewith a thorough knowledge of our home wants, and has thus been enabled (in taking the place of the late deceased Lowenthal) to get up an assortment that will at once convince every judge that stress for our market, tasts, variety and cheapnens, have all been held strictly in view during the process of mannfacture.

Our Candidates The gentlemen whose names are presented by the Democracy as candidates for the several mu-

nicipal offices at the election to-morrow, are in every way deserving and worthy of the confidence and support of every good, conservative, and lawabiding citizen. If they are elected, people abroad will accept their success as a token of the inauguration of a new order of things in Louisville. They will regard it as an unmistakeable declaration that law, and order, and justice, have again assumed sway here, and that henceforth, full, ample and adequate protection to the person and property of every good citizen, whether native born or of foreign birth, will be secured. We daily see evide nees that our beloved city is throwing off the skackles that for several years have fettered her energies and rendered inoperative her great national advantages, and we are convinced that with the confidence that would arise, both at home and ahroad, by taking the management of city affairs out of the hands of the miserable partisan leaders who have been using it for their own base and selfish purposes, Lonisville during the next two or three years would increase, prosper and flourish beyond all preceden'. Every good citizen, every property holder, every merchant, manufacturer, mechanic and clerk, is directly and personally interested in the honest administraion of the affairs of the city, and we invoke the aid which they can so effectually give to-morrow to secure it. Onr candidates are good men and true, who will,

if elected, serve their constituents faithfully and zealonely, having an eye solely to the public good and studiously rejecting every attempt to prostl tute our municipal affairs to partizan or political

Hon. John Joyes, candidate for Mayor, is intimately known to the community. He is well informed as to all matters pertaining to the city, and his enemies will admit he is possessed of administrative shilities of the highest order. He la intelligent, bold and firm, and no outside pressure or influence could induce him to deviate from what he believes to be his duty. He possesses quali. ties which at this time, especially, it is highly desirable the chief executive officer of this city should possess. He will, if elected, he certain to hold the police to a rigid accountability for the performance of their duty, instead of permitting their time to be occupied in doing the dirty work of unscrupulous party leaders. His opponent, Mr. Crawford, we are happy to say, is a most excellent and deserving gentleman, in whose integrity we have every confidence. He lacks nerve, however, and eing over-amiable in his disposition, and averse to controversy or difficulty, he gives too free reign to the bad men who have controlled his party to the injury of the city for so long a time.

For City Attorney, Mr. Wm. E. Woodruff is our candidate. He is competent, reliable, honest and worthy.

The same be said of Mr. John A. Fisher, candidate for Auditor. He has been a clerk in the postoffice for several years, where his attention and unvarying politeness have made him universally popular. He is an excellent accountant, will al. ways he found at his post attentively discharging his duties, and has a character without stain or blemish. Mr. Wm. A. Cocke is an energetic business man,

and will make a most excellent Assessor. He is popular and esteemed by all who know him.

For City and Railroad Tax Collectors, better men could not be elected than T. T. Snmmers, G. T. May, W. S. Roberts and D. B. Fonda. They are faithful and reliable, and sll of them gentlemen of the best characters. Mr. Summers, who some years ago was Tax Collector, was one of the best and most prompt officers the city ever had. Jesse Talhot and Thos. J. Oshorne, for Street In-

pectors, will make good officers. For one thing we will vouch-they will never exact atax of one dollar per head from the poor men whom they nploy, to use as a corrupt electionsering fund. We have neither time nor space to speak in detail of the candidates for Aldermen, Common Connlmen and School Trustees. The names of these can be found in their proper place in another column, and we confidently refer to them as being among the best, most solid, substantial, safe, reliable and conservative of our citizens. In a @eneral Council composed of such men, the people would hang out. have every confidence. Their characters are a sufficient pledge that they would administer the affairs of the city honestly, faithfully and economically.

LABORDE AND KARL FORMES -These great ar tistes, in connection with others, give a sacred secular concert to-night, at Masonic Temple-the ast in this city. This is the only opportunity to hear Karl Formes, the grandest basso in the world.

The price of tickets has been reduced to 50 cents, which should ensure a full house. EXECUTION OF A BURGLAR.—Richard J. Foster, onvicted of burgiary and sentenced to death, was ing at Charleston, S. The Presidency. We have heretofore noticed the fact that many of the Democratic papers in this State have many of the Democratic papers in this State have expressed a decided preference for the nomination of Hon. James Guthrie for the Presidency in 1959. No compliment was ever more worthily bestowed, nor could the future bring more gratifying intelligence to us, concerning political matters, than that the distinguished Kentuckian above named had been appointed by the great Democratic party of the Union to lead their hosts to battle and to victory. We heartily approve of the presentation of his claims by the press of his State, and the particitie motive which induced it; but, with all due deference to the judgment of one of our most in fluential organs, we think it questionable policy to attempt to advance Mr. Guthrie by placing another party chieftan no less distinguished and

another party chieftan no less distinguished and meritorions in an unfair attitude.

It is true that Maj. Breckinridge is not a caudi It is true that Maj. Breekinfridge is not a candidate for the Presidency, and he may have said that he did not wish his name to be presented to the Charleston Convention; yet his friends may have something to say on the subject. He way not a candidate for the Vice Presidency in 1850, nor did he wish his name presented to the Concincatif Convention of the way are presented to the Concincatif Convention of the State of the Convention of nor did he wish his name presented to the Cincinnati Convention. It was presented, however, without his consent or knowledge, and the result is known. Without authority from him, we will undertake to say for Maj. Breckinnidge that he is too good a Democrat to he sitate about the acceptance of the nomination if tendered him by the National Democratic Convention, though he is not a candidate. We see nothing in his position which should cause his claims to be ignored by the Democracy of State on the present occasion. We propose, therefore, to our friend of the Conrier—our zeal to have the next President from Kentneky being not less than his—that we both Kentucky being not less than his—that we both advocate the claims of the two distinguished Kentuckians above named without partiality, thus taking the main chance to secure our object.
What does he say to the suggestion?

We copy the above article from the Frankfort Yeoman, and in reply to the direct question put to us, state that we are in favor of Mr. Gutbrie for the Presidency, over all others; and we cannot see how our wishes in that respect can be promot. ed by the plan proposed by the Yeoman. We have not sought to advance Mr. Gathrie by "ig noring" or placing any other in an "nufair atti tude." Maj. Breckinridge is understood to be avowedly a candidate for the U.S. Senate-a pos. tion but little inferior in dignity to that of the Presidency-a theatre admirably suited to his brilliant young talents, and one seldom attained by a statesman of his age. Is it the desire of Maj. Breckinridge's friends, whilst claiming for him a place in the Senate, to make at the same time an issue for the people against the wishes of Mr. Guthrie's friends as to the Presidency?-If so, are not Mr. Breckinridge's friends the par-

ties who are placing him in "an unfair attitude? We do not perceive, under the circumstances, the propriety of his friends putting up his name for the Presidency without his consent and agains: his expressed wishes, because of the assumption made, that if nominated at Charleston, he would accept. The proposition of the Yeoman does not, in our opinion, reflect the usual sagacity of that paper. Such a course as it suggests might have the effect of preventing the nomination of Mr. Gnthrie, but could not in any way aid in securing a President to Kentucky.

Candidate for Congress in the Eighth Distric: [Correspondence of the Louisville Courier.]

NICHOLASVILEE, KY., March 15, 1909 Mittors Louisville Courser: The Democracy the Eighth District are without a candidat yet .-They, however, look to our gallant James E. Clay to make the race. We sincerely hope he wil. consent to run, inasmuch as he made such an ex cellent canvass before. He is universall popular with his party, and who but himself can again with his party, and who but himself can again conquer the noxious growth amongst us, known as the Opposition? We hope a convention will soon be called, and that the delegates will give to Clay the nomination by acclamation. We would suggest that Nicholasville be the point of holding said convention, inasmuch as it is an accessible point the district, and her Democracy ought; have a compliment of this kind. They are aloyal a set of fellows as ever done battle for the Union. Nicholasville is easy of access by the different counties in the district, being situated at the terminus of the Kentucky Central Ruitvoal. Harrison, Bourbon, Fayette, Franklin and Woodford are all touching railroads, so that they can make the trip in a few hours. Nicholas county alone is exempt from the facilities of a railway, not being exempt from the facilities of a railway, not being adjacent to the Covington & Lexington Railroad Her delegates would on any emergence employ other conveyance to get to the road. What say the Democracy of the Eighth Will they let the Democracy of Jessamine enjoy their presence in their own town? We have latches rings—they hang out. JESSAMINE.

Auditor Pope-His Card. lu the Journal of yesterday, we find "a card" trom our City Auditor, which he terms an "appeal to the citizens of Louisville." The Auditor complains that he "has been made the object of unsrepresentation and attack in the columns of the Louisville Courier." We are greatly surprised that Mr. Pope should charge us with misrepresenting him. We certainly have never misrepresented him in the slightest degree, and we it. On the courrary, we offered weeks ago to Mr. opposer of the course pursued by Douglas than Pope the use of our columns for the purpose of Mr. Magoffin. andicating his report. He did not avail himself of our offer, but he did tacitly acknowledge the justness of our criticism, by withdrawing his said report. He made yet another report, which we criticised and showed to be incorrect. He now avers that we have misreprescuted him.

In what respect, Mr. Auditor? We stated that your first report contained gross errors, and that 10 one could gain an accurate knowledge of our city affairs by its peruanl. Was that statement sucorrect? Were there not errors in the report? It not, why did you withdraw it and publish another. We have stated that you had published Iwo reports Was that incorrect? Was that misrepresenting you? We have also stated that your second report was as vulnerable as your first, and so it is. Any school boy can see that. Then, where is the misrepresentation?

As a private cuizen, we certainly have not "attack el' our Audicor. He is a gentlemau for whom personally we entertain the the highest respect, and we have never insituated aught against his hon esty, 1 " have insisted and do insist that, as a they Auditor, he is wholly incompetent. For proof of this, we have only to refer to his official port, numbers one and two.

ounds to explain away the \$2,000,000 which the Know Nothing city officials have collected and ruandered in the last five years. He evidently borrawel this bright idea from the Journal. We lave her r charged the city bonds to Know Nothing extravagance. Some of them are older th a the order of Sam and the present Know Yothang city government. Were we to add the my bonds to the 30,000,000 squandered by our ty chi inls, it would swell the sum to \$6,000,000. To g . belial these city hands to hide from pub-I c execuation, is a most pitiful way of dodging responsibility Besides a long row of figures conc raing the city honds, the Auditor goes into the street paving contracts in extenso.

It strikes us as a little odd that the Audito should volunteer to defend the General Conneil from our charge of extravagance. We have never pre'ended to hold him accountable for the misdeeds of the Coancil. His duty is to give the citizens of Louisville a fair exposition of their acts and of the fluancial condition of the city .-Our complaint against him is, that he has not douc so. He had better bend the energies of his mind to the plain duties of his office, and give us a correct report of the condition of our city finances, and leave the defense of the City Council to themselves and to their organ, the Journal.

The Auditor concludes his card thus: "I shail answer nothing more that may ever hence appear in the papers against me." A most wise conclusion, for his "card" shows most conclusively that he is not a good enough attorney for the manage-

The old and silly charge of the Journal, that the Courier is opposed to the prosperity of Louisville, is too ridiculous to require a denial by We have ever been a true and consistent friend of Louisville, and it is our friendship to Louisville that induces us to labor for the removal of the corrupt dynnsty which has fastened itself like a vampire to the vitals of our city, and is sucking from Louisville its very life blood. The prosperity of Louisville and its corrupt municipal government are at variance. One or the other must fall. We take the side of the city, and oppose its bitterest and most deadly enemy, the Know Nothing city government. The Journal takes the side of the city officials, and accuses us of injuring the city, because we publish to the world the malfeasance of the Journal's pets. In this consists our alleged offense. We have done nothing but to point out to our citizens the corruption and wasteful extravagance which characterizes our municipal government. The Journal says that such an exposure will injure the prosperity of the city, thereby admitting that our city officials are a disgrace to Louisville. Well, such being the fact, which is the true policy, and which the office of a true friend of Louisville-to expose the corruption of our city officials, and seek a removal of the disgrace, as the Courier has done, or like the Journal, seek to cover up the errors of the City Council, deceive the people at home and abroad, and keep the present corrupt dynasty in power? There can be but one answer to this question by all true friends of Louisville .-"If thine eye offend thee pluck it out." The mem bers of the City Council of Louisville are a nuisance and a disgrace to the city. The Council, as now constituted, is a foul ulcer upon our body politic. We say remove it, and let Louisville go on in the high road to prosperity, and reach that point for which her local and commercial advantages so eminently fit her, and from which nothing can keep her, save the blighting mildew of Know

A STRONG ARGUMENT FROM AN UNEXPECTED Source.-The Louisville Jonrnal of yesterday, in reply to our charge that the property of our city is assessed at a fictitious value, published a table of the value of property in different cities, including Louisville. By this table it appears that the highest value of ground per foot in Louisville is \$900, while in St. Louis it is \$2,000, in Chicago \$1,500, and in Pittsburgh \$1,000. Thus the Journal innocently furnishes the most damning proof of the disastrons effects of Know Nothingism upon our city prosperity that could be adduced. While other cities have advanced in prosperity and their real estate advanced in value, Louisville has stood still for five years. But while the FAMILY SEWING MACHINES, prices of real estate in Louisville have not advanced, the taxes have nearly doubled under the misrule of Know Nothingism. Let the citizens of Louisville ponder well over this melancholy

fact and its disgraceful cause. Weeks ago we offered Auditor Pope the use of our columns for any defense or vindication he might desire to make of his reports. Why is it that he rests quietly under what he considers misrepresentations, until the eve of the election, and then comes out in "a card?" The thing has a great look and requires explanation.

The organ of the city officials of Louisville, stung to desperation by our exposure of the shortcomings of its pets, flounders about like a fish officials to say, it resorts to all sorts of devices to distract its readers from the true point at issue. In poor mouth, and actually weeps over what he is pleased to term our "mean libel upon our city."—

His stock of Dress Goods is certainly the This is a favorite card with the organ of the Traeuy-eaters. Whenever it is cornered it sets up the itiful cry that Louisville is slandered by the truthful and scathing exposure of city corruption .-It publishes its lugubrious groans in moving capitals, and weeps crocodile tears over the mnrdered prosperity of Louisville, like Rachel weeping

or her children, and for the same reason. This shuffling mode of begging the question which is always resorted to by the editor of the Journal when he gets in a tight place-is simply contemptible, and will deceive no one who does not want to be deceived. It is the mere trickery of an unserupulous partizan editor, who has won some reputation as a political artful dodger, and AND MOST DURABLE PENS sold in this market. who believes that words were made to coneeal facts as well as ideas.

In all the pitiful, shuffling, and hypocritical articles which the Journal has published about our city affairs, it has not, in one sin gle instance, fairly met the question at issue. It dure not meet and discuss it. The gross official malfeasance which rests a dendly incubus upon the Hooped Skirts, and John M. Robinson & Co., late prosperity of our city, is so palpable that it will not bear the slightest scrutiny, to say nothing of argument. All that is required is for the citizens of Louisville to examine their own municipal affair; for themselves, and not trust to the representations of a mercenary newspaper, the notorious organ of the officials, and not what it claims to be, the organ of the people. The constant aim of the Jonrnal is to screen the officers, pass over their gross mal-administration, and to deeci ve the people by distracting their attention from the investigation of the action of the city officials, and ning from six to thirty hoops, including Misses' of alarming their fears for the reputa tion of our city sbroad. The people of Louisville will not be deeeived by such editorial demago guery. We have, in former numbers of our paper, shown most conclusively that the affairs of our city are most

still stand unrefuted and unimpeached. The Washington correspondent of the Philadelphia Press says that Mr. Magoffin, the Democratic condidate for Governor in Kentucky, is conducting his canvass in a way which is a significant rebuke to "Mr. Buchanan and his satel-

GREATSALE OF TOWN LOTS IN ASHLAND, KY. Kentneky Iron, Coal and Manufacturing Company
Will make a Sale of Lots in the Town of Ashland, Ky.

ON ERIDAY AND SATURDAY, The 6th and 7th days of May, 1859. SHIAND is in Greenup county, Kentucky, on the Ohlo River, at the print where the Lexington and Big Sandy Railroad first strikes the valley of the Ohlo. Asilland was laid out in 1824, and contains three Churches, School Houses, a Fire Brick Manufactory, and extensive Cooperage, a Coal Oil and Parafine Manufacturing Establishment, a Furniture Manufactory, a Rach and a Printing Office. facturing Establishment, a Furniture Standactory, a Bank and a Printing Office.

One great purpose of the Company is to aid in building up in Ashland a large manufacturing business, and to make it the seal and center of trade, which its position with regard to the great Iron and Coal region of Eastern Kenlucky and Southern Ohlo, should and musi

ntually command.

eventually command.

The Company own nearly two thousand nores of land, a part of which is river bottom, and the remainder hill land, containing coal of the best quality, out of which they are willing to mate liberal donations of sites for building and coal mining privileges, to parties desirous of engaging in manufacturing. The abundance of coal in the hill lands is such that this great requisite for manufacturing can be furnished in Ashland at the cheapest accomplish to either with builty, the center of the Pig. In the hill lands is such that this great requisite for manufacturing can be furnished in Ashland at the cheapest rate; which, to ether with being the center of the Pig Iron Market, induces the Company to believe that at no other point can the manufacture of Iron, in its various branches, be more successfully prosecuted.

Onnel Cost is found in great abundance in Greenup and Carter counties, on and near the lexington and Blg Sandy Railroad. This Cannel Cost is second to none for the purpose of making Cost Oil and Paraffine, yielding from 40 to 60 gallons per ton. The lands in which this coal is found, or the mining privileges, can be purchased at low rates. The vein of Cannel Cost in worked by the "Kentucky Cost Oil Company," (of Ashland) is from three to four and one-haif feet in thickness. The facilities afforded by the Euchigion and Blg Sandy Railroad for delivering this Cannel Cost in Ashland, the abundance in a large portion of the country, and its richness in oil, offer great inducements to parties wishing to engage in distilling oils from Cost.

Several scars of clay are also found in the hills around Ashland, and tack on the Railroad, which are almirably adapted for making Fire Brick of the best quality, the manufacture of which pays ularge profit.

If ship-builders, manufacturers of wagons, carts, carriages, and all other vehicles, of cabinet ware, clairs, and any other branches of trade, of which wood is the principal material, would visit Ashland and its neighborhood, no doubt many would promptly locate, and commence business.

In the space of an ordinary advertisement, all of the

norhood, no doubt many would promptly locate, and commence business. In the space of an ordinary advertisement, all of the divantages of Ashland, as a great commercial and annufacturing point, cannot be fully set forth, and the company invite personal inspection, satisfied that strict examination will only redound to their great advantage. In all sales of lots, and donations of real estate, the company have resolved upon the incorporation of provisions in the conveyances against the sale of spiriturises or intojecting fluors.

ous or intoxicating fluors.

The terms of sale will be—Onr-third cash in hand, and the remainder in two equal payments, in one and two years, bearing interest from the day of sale.

Any information desired will be furnished on application to the President or Secretary of the Company.

1 SAY, Joe, what crowd is that near BLANCHARD & SON'S?" "Fhat? O, that is a lot of customers going to and from Blanchard & Bon'a continually. I am told that they received a new atock of Men's, Boya' and Yonth's Clothing and Furnishing Goods last week, and I suppose the crowd is a little greater than usual; in fact Brother John told me that several accidents occurred there last week in consequence of the dense rush of customers. It must be admitted that the great crowd you see going and coming from there every day must be taken as evidence that Blanchard & Son have the best stock of goods in the city, and sell munch cheaper than anybody else. I must say that before I commenced dealing there, I had hard work to get along, but since I commenced buying my supplies at Blanchard & Son's, I am getting rich." Of the vormin kind.

The importance of a reliable article of this kind is inestimable. In warm weather all nature teems with these annoying foes. This powder is the only article ever discovered which will exterminate them. A company obtainsts, from the Horticultural Society of Paris, while amidst the ferns of Asia, observed that all insects lighting upon a certain kind of plant very soon dropped dead. This fact was made use of to guard their night camps from these intruiers. Quantitles of the plant were brought home by Mr. E. Lyon, and found a positive insect destroyer in every experiment. It is simply a powdered leaf, chemically prepared to resist the effect of age and climate. Medals and Letters Patent have been obtained from the Governments of England, France, Germany, and Russia, from the World's Fair, and numerons medical and horticultural colleges, and societies. Letters from the President of the United States.

NEW YORK, Oct. 1, 1838.

Ma. E. Lyon—Dear Sir: We have analysed and tester your Magnetic Powders, and find them perfectly harm less to mankind and domestic animals, but certain death when inhaled by bugs, ants, and insects.

JAMES R. CHILITON, M. D., Chemist.

Every gardener and house-keeper must have a direct interest in an article of this kind. Reference can be made to the Astor. St. Nicholas, and Metropolitan Hotels; to Judge Melgs, President of the American Institute; James Gordon Bennett, Gen. Winfield Scott, Cyrus W. Field, L. M. Pease, of the Five Points Mission, etc., etc. Judge Melgs says, "This discovery of prof. Lyon is of national importance. The Farmers' Ciub have tested it thoroughly. It will destroy locusts, grasshoppers, ants, moths, bugs, and all vermin. Garden plants can be preserved, and houses made pure."

Arrangements are now made, through Messrs. Barnes & Park, of New York, to have it sold throughout the world. Many worthless imitations are advertised. Be cautious!

THE VESPER GAS AIR LIGHT. The Cheapest, most Brilliant, and mest Convenie Artificial Light in the World.

Artificial Light in the World.

This Vesper Gas Light has won for liself a reputation for elegance, economy, safety and simplicity, far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form those of coal gas, but in brilliancy and purity of light, it possesses a decided advantage over even Lonisville coal gas. It requires no chimney; there is no need of daily trimming of wick; and the construction of the fixtures is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burnt in the Vesper fixtures is generated from pure coal oil, without any admixture of alcohol or other foreign ingredient. It is entirely free from odor while burning, a-1, by a simple contrivance, the vapor of the oll is mixed with the atmosphere, producing perfect combustion and a most intense light. The light has been pronounced, by those who have had it in constant use for months, as most pleasant to the eye while reading or sewing, the rebeing no flickering or e while reading or sewing, there being no flickering of steadiness in the tame. The Vesper Gas light is port unsteadiness in the dame. The Vesper Gas light is portable, and can be used in town or country—in fact, wherever artificial light is required. The fixtures themselves are adapted in styles to sult all tastes, from the plain single light burner to the most costly chandeller. Each chandeller is perfect in itself; there is no outlay to be made for service pipes. The gas is generated in the burner, and all fixtures, from the cheap single light burner to the expensive chandeller, are miniature gas works in themselves. They are sold at prices which do not exceed the cost of ordinary gas fixtures of similar styles and ornamentation. A price list will be sent to any address on application.

not to be ontdone, has "done" and revoked the late decision of the aforesaid local board in the case of Isaac Gough, pilot of the Madison, which was sunk by collision with the Iowa. The local board suspended the license of Gough, but the Supervisor has reinstated him after bearing all the evidence in the case, by which it is made to appear that Gough rung the backing bells of the Madison, but the assistant engineer failed to "back" her, but gave her a turu ahead. Then he ought to be turned out.

For Cairo And Memphis.—The fleet Alvin Adams is the regular mail and passenger packet for Cairo, Memphis, and way places this evening. She starts at 5 o'clock, from Portland, in charge of Capt. Lamb, a thorough boatman.

Felix Belly, there can be but one opinion as to the necessity of prompt and decisive action on the part of our Government. Instructions should be immediately dispatched to our naval commanders to blockade all the Nicaraguan ports; General Jerez should be at once dismissed; General Lamar recalled and a suitable person sent to fill his place. The miserable Governments of the Central American States should receive a lesson effective enough to save all future trouble in that

quarter.
The Times says the seizure of the boats of the The Times says the seizure of the boats of the Transit company is an invasion of American rights and a trospass upon American property, which cannot pass unchallenged. If the President proves true to his pledges, and General Cass maintains the doctrines of his letter to Lamar, we shall speedily have the wrangle brought to a close. The best thing the President can do is to Among the shipments on the Scioto No. 2 yesterday, were upwards of 500 packages of groceries of all kinds, shipped and sold that day by the house of Allen, Brown & Co.
